CCAMP is On The Move!

After many years as an informal association supporting one another and praying for needs, CCAMP is becoming more public, both in profile in the community and amongst recovery ministries. Also, largely based in the lower mainland of the West Coast, the board has issued a clear mandate to move toward a national ministry.

With a clear unified board giving direction, under the leadership of newly hired Executive Director Rev. Blaine McDonald membership has tripled and members represent Ontario, Saskatchewan, and Alberta in addition to British Columbia.

Marketing Initiative—New Website

CCAMP is happy to launch our new website! Though we dream about even more features and value added options for our valuable members the new site is updated and much easier for potential members to visit!

Membership is key for CCAMP at this point...we recognize what we offer members at this point is not where we would like to see it. Our plan is to develop a strategy for value added benefits to our members. In the meanwhile new members and financial support beyond membership is key to the stability and growth of the dreams we have together for a healthy productive and effective association.

Marketing initiatives in addition to the website have begun including Facebook (<https://www.facebook.com/groups/709512059089371/>) and Twitter (@CCAddictionMP)

New member information, details for donations can be found on the website, or contact Blaine at (778)878-0689.

As an association for those in recovery ministry, we define "addiction" in the widest possible terms. It takes an entire community to address a social problem like the one we're facing.

CCAMP members come from wide backgrounds from front line (shelters / feeding programs) to discipleship training (residential centres) to transition (vocational training / housing) and diverse multid denominational backgrounds.

True to the mandate: bringing the addiction ministry community together I have found one thing in common, CCAMP members trust in the power of God to set men and women free from addictions.

Together We're Better!
